UNITED STATES DISTRICT COURT EASTERN DISTRICT OF MICHIGAN SOUTHERN DIVISION

In Re Flint Water Cases	No. 5:16-cv-10444-JEL-MKM HON. JUDITH E. LEVY MAG. ELIZABETH A. STAFFROD

DECLARATION OF STEPHEN E. MORRISSEY IN SUPPORT OF PLAINTIFFS' MOTION FOR AN AWARD OF ATTORNEYS' FEES AND REIMBURSEMENT OF EXPENSES

Pursuant to 28 U.S.C. § 1746, I, Stephen E. Morrissey, hereby declare as follows:

1. I am a partner of the law firm Susman Godfrey L.L.P. ("SG"). I serve as a member of the Court-Appointed Executive Committee, working together with Court-Appointed Co-Lead Counsel Theodore J. Leopold of Cohen Milstein Sellers & Toll PLLC ("CMST") and Michael L. Pitt of the law firm Pitt McGehee Palmer Bonanni & Rivers, P.C., a team of lawyers from SG, and other counsel for Class Plaintiffs to prosecute claims on behalf of the Class Plaintiffs and the Class, and to coordinate the prosecution of the Class Plaintiffs' claims with counsel for the individual plaintiffs in these coordinated actions and counsel for plaintiffs in the state court actions. I have personal knowledge of the matters stated in this declaration.

2. I provide this declaration in support of Plaintiffs' Motion for an Award of Attorneys' Fees and Reimbursement of Expenses in connection with the recent settlement with LAN. In January 2021, I submitted a prior declaration in support of Plaintiffs' Motion for an Award of Attorneys' Fees and Reimbursement and Expenses that described my firm's

time and expenses invested towards the prosecution of these cases through January 2021. This declaration describes the time invested and expenses incurred by SG in connection with the Flint Water Cases since January 2021.

3. I have been an SG partner since 2005. Since graduating from Columbia Law School in 1996, I have represented plaintiffs and defendants in complex litigation in courts throughout the country. I have served as a lead or co-lead lawyer in a broad range of cases, including environmental, antitrust, contract, copyright, and other complex matters. My professional biography is available at this link: https://www.susmangodfrey.com/attorneys/stephen-e-morrissey/. I have been actively involved in the Flint Water Cases since before their inception, and have managed a team of SG lawyers who have worked closely with Co-Lead Counsel and Co-Liaison Counsel to secure common benefits for both Class Plaintiffs and all plaintiffs in these actions. The core team of SG lawyers who have worked with me on the Flint Water Cases has included my partners Vineet Bhatia, Shawn Raymond and Jordan Connors; Katy Peaslee, an associate in SG's Seattle office who was recently elected to the partnership, and Liar Jiang, an associate in SG's Los Angeles office; and Ben Manne, who is of counsel in our Seattle office.

4. SG has been involved in this litigation since before its inception and has been heavily involved in all aspects of the prosecution of these cases since its inception. Upon deciding to pursue these cases, SG agreed with CMST to share equally in responsibility for prosecuting the litigation, and in any fee recovery, as between the two firms. SG and CMST have collaborated on other class actions on the same or similar terms and have had similar agreements with one another and with other firms in other class actions throughout the country.

5. My firm's work, all of which was requested and approved by Co-Lead Counsel and completed in close coordination with Co-Lead Counsel, has included:

- *Pre-Filing Investigation and Strategy:* SG was heavily involved in developing the factual and legal theories underlying the claims against defendants in these actions, and in coordinating with CMST and other counsel in developing a strategy for pursuing the claims.

- *Pleadings:* SG participated in researching and drafting Class Plaintiffs' original complaint and subsequent consolidated amended complaints.

- *Motions to Dismiss and for Reconsideration:* SG lawyers participated in research and drafting of opposition briefs in response to motions to dismiss and motions for reconsideration and provided support for Co- Lead Counsel in preparation for oral argument on those motions.

- *Appeals:* SG has contributed to strategy and research in support of appeals briefing, including on issues related to Class Action Fairness Act and qualified immunity. SG has assisted with revising and editing the briefs for the appeals.

- *Fact Discovery:* SG has played a substantial role in both offensive and defensive discovery work that has included preparing discovery requests, reviewing documents, briefing and arguing discovery disputes, and has assigned and managed the strategy for preparing for more than 80 fact witness depositions, many of which SG attorneys have taken and defended.

- *Expert Discovery*: At the request of Co-Lead Counsel, I served as the chair of an expert committee that identified testifying and consulting expert witnesses who provided support for settlement discussions and submitted reports in support of Class Plaintiffs' claims, coordinated and defended the depositions of expert witnesses, developed the strategy for responding to defendants' expert witnesses, coordinated and took a leading role briefing Class Plaintiffs' response to defendants'*Daubert* briefs and arguing *Daubert* motins, and assigned and managed the lawyers responsible for deposing defense experts.

- *Class Certification:* SG was heavily involved in drafting Class Plaintiffs' motion for class certification and the declarations and other materials submitted in support of that motion.

- *Mediation and Settlement:* Following the appointment of the Mediators in January 2018, SG worked closely with Co-Lead Counsel throughout the mediation process. My partner Shawn Raymond was deeply involved in and played a key role in developing Class Plaintiffs' strategy, handling negotiating with Co-Liaison Counsel, defendants, and the Special Master, and participating in numerous meetings and settlement negotiations. I was also heavily involved in working with Co-Lead Counsel and Co-Liaison Counsel

to negotiate and complete the current settlement with LAN.

- *Strategy and Planning:* I and others from SG have worked closely with Mr. Leopold and Mr. Pitt and others on the Executive Committee in developing all aspects of case planning and strategy throughout these cases.

- *Settlement Facilitation.* A team of professionals at SG has been heavily involved in the settlement administration process by assisting individuals in submitting claims, responding to questions from individual claimants, and working with the Special Master and the claims administrators to ensure the settlement process is completed as fairly and expeditiously as possible.

- *Trial Preparation.* I and others at SG are involved in all aspects of trial preparation for the previously scheduled trial against LAN and Veolia and the upcoming trial against Veolia, and it is contemplated that I and others from SG will key roles for plaintiffs at the upcoming trial.

6. SG has performed its work on these cases based on the expectation that any fees awarded would be based on the results obtained and the role of our firm in obtaining those results, and that Co-Lead Counsel would allocate any fees among class counsel based on their subjective assessment of their contributions to the case, as is commonly done in class actions involving multiple law firms.

7. In both class actions and cases on behalf of individual plaintiffs, SG generally prefers to be paid based on a percentage of the recovery, rather than lodestar, to reward results and encourage efficiency. However, because lodestar is a relevant consideration in some fee contexts, including some fee awards and fee arrangements with individual clients, timekeepers at our firm regularly track their time, and we maintain historical records of all timekeepers' time.

8. Since January 31, 2021 (the last complete month prior to the submission of my prior declaration) and through November 30, 2023 (the last complete month prior to the submission of this declaration), timekeepers from SG have devoted an additional 15,931.5 hours towards the prosecution of the Flint Water Cases. In addition to supporting Class

Plaintiffs' own claims, this work also provided a common benefit to all individuals who are entitled to obtain relief under both the prior and current settlements, and who would be entitled to share in any future recovery from Veolia. Based on our current hourly rates, the lodestar value of SG's time between January 31, 2021 and the present is $9,107,797.50, and the total lodestar value of SG's time throughout the life of the Flint Water Cases is $17,838,217.50. Based on the historical rates in place when the work was performed, the lodestar value of SG's time between January 31, 2021 and November 30, 2023 is $8,170,787.50, and the total lodestar value of SG's time throughout the life of these matters is $14,375,644. Apart from its share of the previously distributed common benefit fee and programmatic relief fees (which amounts constitute less than 25% of the lodestar value of SG's time), SG has not yet received any compensation to date for this work on the Flint Water Cases.

9. SG's daily time records are regularly prepared and maintained for each timekeeper whose time is included in the lodestar figures described above. The records were kept and categorized in accordance with the Case Management Order Regarding Time and Expense Procedures (ECF No. 507) and were submitted regularly to the Special Master in accordance with that Order.

10. In addition to the contingent work performed for plaintiffs, SG also performs a substantial amount of hourly work on behalf of clients; the rates used to calculate the lodestar reported in this declaration are the same as those we have historically charged, and currently charge, in hourly matters, and thus are market rates. These rates are also the same as those we have charged in other contingent matters, including class actions in which courts have approved fee awards based in part on lodestar calculations derived from our current and historical hourly rates. These rates are the same as the usual and customary hourly rates

charged for SG's services on a contingent basis in similar complex class action litigation and have been approved by courts in other class action cases.[1]

11. SG has also contributed to the substantial out of pocket expenses required to prosecute the Flint Water Cases. SG has made regular contributions to the common expense fund equal to those made by CMST for use in funding expert fees, discovery costs, and other case expenses, and SG has also directly incurred expenses in connection with the prosecution of this matter. In addition to the expenses included in prior submissions through July 31, 2023 for reimbursement from the prior settlements and its ongoing contributions to the common expense fund (which I understand are reflected in CMST's declaration), SG has incurred $18,313.79 in direct expenses since July 31, 2023. I have attached as **Exhibit 1** a copy of an Excel spreadsheet reflecting those unreimbursed expenses.

12. The expenses in **Exhibit 1** are reflected on SG's books and records. The books and records are prepared from expense vouchers, receipts, invoices, check and bank records, and other source materials, and represent an accurate recordation of the expenses incurred. The expenses reflected in Exhibit D were reasonably incurred and necessary and appropriate in the prosecution of this litigation and were for the common benefit of the plaintiffs (including but not limited to the Class Plaintiffs) in the Flint Water Cases.

13. The time and expense records described herein were reviewed by my firm for accuracy, duplicate entries, and compliance with the provisions of the Court's Time and Expense Case Management Order Regarding Time and Expense Procedures (ECF No. 507)

---

[1] *See, e.g., In re Automotive Parts Antitrust Litig.*, No. 2:12-cv-0003-SFC-RSW (E.D. Mich. Sept. 23, 2020), Dkt. 320 at 7 (finding current rates "reasonable and justified" as part of lodestar cross-check of fee awarded based on a percentage of the fund; Marc Seltzer of SG was Co-Lead Counsel); *Flo & Eddie, Inc. v. Sirius XM Radio, Inc.*, No. 2:13-cv-05693 (C.D. Cal. May 8, 2017), Dkt. 694 at 12 (finding SG's hourly rates reasonable as part of lodestar "crosscheck").

concerning common benefit work and expenses.

14. Upon request from the Court, SG is prepared to submit for *in camera* review the daily time records and expense documentation supporting the calculations set forth above.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on December 13, 2023
Seattle, Washington
